

# INSTRUCTIONS: Placeholder Name Tags

## YOU WILL NEED:

- Template provided
- Mini metal buckets - We bought these 2 for \$1 at a dollar store in the “wedding” party supplies section.
- Heavy colored paper
- Scissors or x-acto knife
- Hole puncher or grommet maker
- String
- Pen, pencil or marker
- Ruler

## STEP 1

Print the template provided and cut out a name tag for each of your guests. When cutting, follow the trim marks in a straight line across the page. If it helps, you can use a ruler and a pencil to lightly connect the lines across the page.

## STEP 2

Write each guest’s name on a tag, fold in half and hole punch or add a grommet over the circle as marked.

## STEP 3

Fill your bucket with nuts, dried fruit, or holiday candy.  
Tent the name tag over the bucket handle, loop the string through the hole and secure the tag to the handle with a quick slip knot.

Don’t they make a nice addition to the Holiday table! Your name tags are complete!
